

To all parents on 13 Black, 16R, and 17 Black,

Here is the hotel information for the Northern Lights Qualifier on Fri/Sat/Sun April 23/24/25. This reservation has to be done by computer through THS – a housing service. Please do not call the hotel directly for a reservation. All you need is an email address and a credit card to make your online reservation. All the rooms are doubles and this is a very nice hotel usually selling for a much higher rate. I can easily increase the number of rooms if we go over 8 per team. But I had to guarantee to pay for a percentage of the rooms – a concept that makes me quite nervous. So please let me know if you plan on staying with family in Minneapolis or you aren't going to this tournament. I need to account for all families on every team – I can see who has a reservation (I have access to the team list) - so only contact me if you won't be making a reservation. Reservations must be made **before** Monday March 8th.

They offer a variety of pastries and cereals, bagels with cream cheese, fresh fruit, coffee, juice and milk. We need to eat in this room only, and you cannot load up on food and take it with you. This is an extra service being provided for us and paid for by Rockets. This Holiday Inn is a full-service hotel and has a huge breakfast buffet for \$11.95 per adult (kids under 12 eat free). Microwaves and refrigerators are in all rooms. Located about 10 miles (15 minutes) from the Convention Center.

To make your reservation go to this website www.thsweb.com and at the bottom of the page you will see a space for **“Reservation Passcode”**. Fill in the blank with:

P19345602607100 if you are on 13 Black

P19345602607120 if you are on 17 Black

P19345602607130 if you are on 16R.

Then click on **“manage Reservation”** This takes you to a screen where you click on **“Add Person”**. Once you've filled in the information, click on **“Add”**. And you are done!

Please note that we may need more rooms. So if you find that all the rooms are taken – just get a hold of me (337-3613) and I will increase the block. I didn't want to take extra rooms because I'm responsible for a percentage of what we don't take. I prefer to underestimate and then add rooms later. Right now, they have plenty of extra rooms with double beds.

Thanks, Kyla
